Leaders will meet Uddhav today to finalise powersharing formula

MANOJ CG New Delhi, November 21

THE UNCERTAINTY OVER government formation in Maharashtra is set to end in the next 24 hours with the Congress and NCP reaching an understanding on Thursday on backing a Shiv Sena-led government in the state. The two parties, sources said, will join the government and the nittygritty of the power-sharing formula could be finalised and announced as early as Friday.

The Congress Working Committee met Thursday morning at party chief Sonia Gandhi's residence and gave the green signal for the party to enter into an alliance with the NCP and the ideologically incompatible Shiv Sena.

Top Congress and NCPleaders met later after which senior leader Prithviraj Chavan said the Congress and NCP have "complete unanimity" on all issues regarding government formation and they will now hold talks with the Shiv Sena to "finalise the architecture of the alliance".

Leaders of the Congress and NCP will meet the Shiv Sena leadership in Mumbai on Friday to finalise the power-sharing formula. The understanding of the Congress is that the government will be led by the Sena with the Congress and NCP getting the posts of

"Yesterday's (Wednesday) meeting was on Common Minimum Programme and leaders of the two parties (NCP and Congress) have said the deliberations were positive. Gandhi was initially reluc-

US okays \$1-billion sale of naval guns to India

NC BIPINDRA New Delhi, November 21

THE US GOVERNMENT has approved the sale of naval guns worth \$1 billion to India in the biggest defence deal between the two countries in four years.

Putting the US among the top three global arms suppliers to India, the State Department notified the Congress on November 19 of the possible foreign military sale of as many as 13 naval guns made by the Minneapolisbased BAE Systems Land and Armaments.

Prime Minister Narendra Modi's government had made a request to buy the MK 45 naval guns and 3,500 D349 ammunition from the US government, a Defense Security Cooperation Agency notice said.

The MK-45 Gun System allows India's navy to conduct anti-surface warfare and antiair defence missions, while enhancing interoperability with US and other allied forces. The proposed sale will not alter the basic military balance in the region instead it will support the foreign policy and national security of the US by improving the security of a strategic regional partner,

notice said. The proposed sale will improve India's capability to meet current and future threats from enemy weapon systems. India will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defence.—**BLOOMBERG**

SC junks Anchor's appeal, Delhi court order against Colgate-Palmolive

INDU BHAN New Delhi, November 21

IN A MAJOR relief to FMCG giant Colgate-Palmolive, the Supreme Court has rejected Anchor Health & Beauty Care's appeal seeking restoration of its criminal complaint. It also junked a Delhi court order that had summoned the US company brass, including global CEO Ian Cook, COOs Michael J Tangney and Franck J Moison, CFO Stephen C Patrick, and assistant controller of patent and design GP Roy to face the trial in the alleged forgery case.

Anchor had filed a criminal complaint against Colgate and its top officials alleging forgery of a trademark registration certificate related to toothbrush designs. While a Delhi court in 2014 had sought the presence of top officials to face criminal trial, the Delhi High Court on May 30 quashed the complaint, terming it as an "administrative error and nothing else".

The SC bench led by Justice Ashok Bhushan also upheld the HC order.

Challenging the HC's May 30 order, Anchor alleged that Colgate had tried to "compromise and undermine the sanctity of a registered design by procuring through illegal means a certified copy of reg-

istration certificate of a design, which illegally shows a novelty statement attached to it... While the motive of committing such illegal acts is not difficult to imagine as a registered design with enhanced scope would commercially and legally benefits the proprietor, the commission of such act is possible only in was attested. connivance and in conspiracy

of the registered designs." Senior counsel Ranjit Kumar, appearing for Anchor, said there were more than one ex-facie grounds to show and establish that the public records had been manipulated to attach a statement of Novelty to the

with the officials of the patent

office, who are the custodians

impugned design registration. However, senior counsel Mukul Rohatgi and counsel Mahesh Agarwal, appearing for Colgate, opposed Anchor's appeal, contending that the summoning order was bad in law and misuse of the judicial process. While filing the case before the HC, due to inadvertence, novelty certificate was not attached, though the same

Colgate further submitted that non-filing of the original document and an administrative error at the Controller's office for novelty statement being missing in the certified copy ipso facto does not constitute the offence of forgery or any kind of offence because the document in existence is not in dispute as the same is registered with the Controller of Patent & Design, Kolkata.

possession of 6 assets linked to terrorists in Kashmir

PRESS TRUST OF INDIA New Delhi, November 21

ENFORCEMENT DIRECTORATE (ED) has taken possession of six land assets belonging to alleged terrorists based in Kashmir in connection with a terror financing case against Syed Salahuddin, the Pakistanbased terrorist and chief of the globally banned group Hizbul Mujahideen, the agency said on Thursday.

The ED had attached 13

such assets in March this year under the Prevention of Money Laundering Act (PMLA). After the adjudicating authority of the said law recently upheld the order, the possession notice was issued, it said. The ED said these properties are located in three districts — Anantnag, Bandipora and Baramulla — and are in the name of Hizbul Mujahideen terrorists identified as Mohd Shafi Shah, Talib Lali, Gulam Nabi Khan, Zaffar Hussain Bhat, Abdul Majeed Sofi, Nazir Ahmad Dar, and Manzoor Ahmad Dar. The ED had said the total

worth of the 13 properties is ₹1.22 crore and the people who held it allegedly worked for the terror outfit.
